

ETC3555 2018 - Lab 10 solutions

Text mining

Cameron Roach and Souhaib Ben Taieb

02 October, 2018

In this lab, you will read Section 1, 2, 3 and 4 of the book “Text Mining with R” available at the following link: <https://www.tidytextmining.com/tidytext.html>

You should also run the code and make sure you understand the different packages and associated functions. This code will be useful for the last assignment where you will be asked to perform text mining for a given set of books.
